UNISON MEMBERS CAN SAVE £250 WITH UNISON PLUS

Part of what makes UNISON membership so worthwhile is the range of services and offers we've negotiated on your behalf. More often than not, these benefits will be on an exclusive basis with leading companies.

But it isn't only excellent terms and value for money we look for in a potential Partner. The products or services they offer have to be among the 'best in class'. They must share our values and deliver a high quality service, including straightforward call-handling and easy-to-navigate websites.

For more information visit www.unison.org.uk and click on the UNISONplus logo or call UNISONDirect tel 0845 355 0845.

You could save the cost of your subscription many times over.
